NEWS and INFORMATION

1. Final Week Schedule

For the final week of school, we'll have an adjusted schedule for 9th, 10th and 11th grade finals. To see that schedule, click [HERE](#).

2. Teens and Social Media This Summer

As you know, we'll soon be on Summer Break and that means our teens will be on their phones more than they are when they are at school. All of the North Creek Admin encourage you to have a conversation with your teen about phone and social media use. A good starter website for this important conversation is below:

3. We have amazing kids at North Creek!

Congratulations to all of the book warriors who participated in NSD's second annual Battle of the Books at the high school level. Five teams were tested on their knowledge of ten novels (the [Evergreen Teen Book Award](#) Nominees for 2021-22) in three increasingly challenging rounds. The race was very close, with only one point determining the winning teams. Please join us in congratulating the top-scoring teams:

- In second place, North Creek's "Overbooked": **Prathi Arun, Saanika Fadia, Sophia Kawamura**, and **Megan Watts**.

We are so proud of how hard all our participants worked throughout the year and how beautifully they represented their schools. This event was planned by NSD's secondary librarians to promote literacy, foster a love of reading, and to provide low-pressure opportunities for discussion, teamwork, and community building within and between schools across the district.

4. Student Devices for 9th, 10th and 11th graders (seniors return their devices!) "Students will keep their devices this summer!"

Students will be keeping their assigned computing devices over the summer months to allow for continuous learning. Students and families are expected to take care of their assigned device by keeping it charged and in its bag when not in use. Students who are enrolled in summer learning programs are expected to bring their device to summer programs each day. If families need support using their device or troubleshooting technical issues, they should call **425-408-7631** or create a help ticket at go.nsd.org/studenttechhelp.

"Families who wish not to keep a device over the summer need to complete this opt out form."

Families may not need or want to take their student's device home over the summer. Families who wish to opt out of keeping their student's assigned device will need to indicate that they are "opting out" by completing the form at go.nsd.org/optout. This form will help our staff to plan efficiently for sending devices home for summer learning. When students return to school in the Fall, any student who does not have an assigned device will be assigned one for school year learning.
