

A group of diverse, smiling children in the background, including a boy with glasses and several girls, all looking towards the camera.

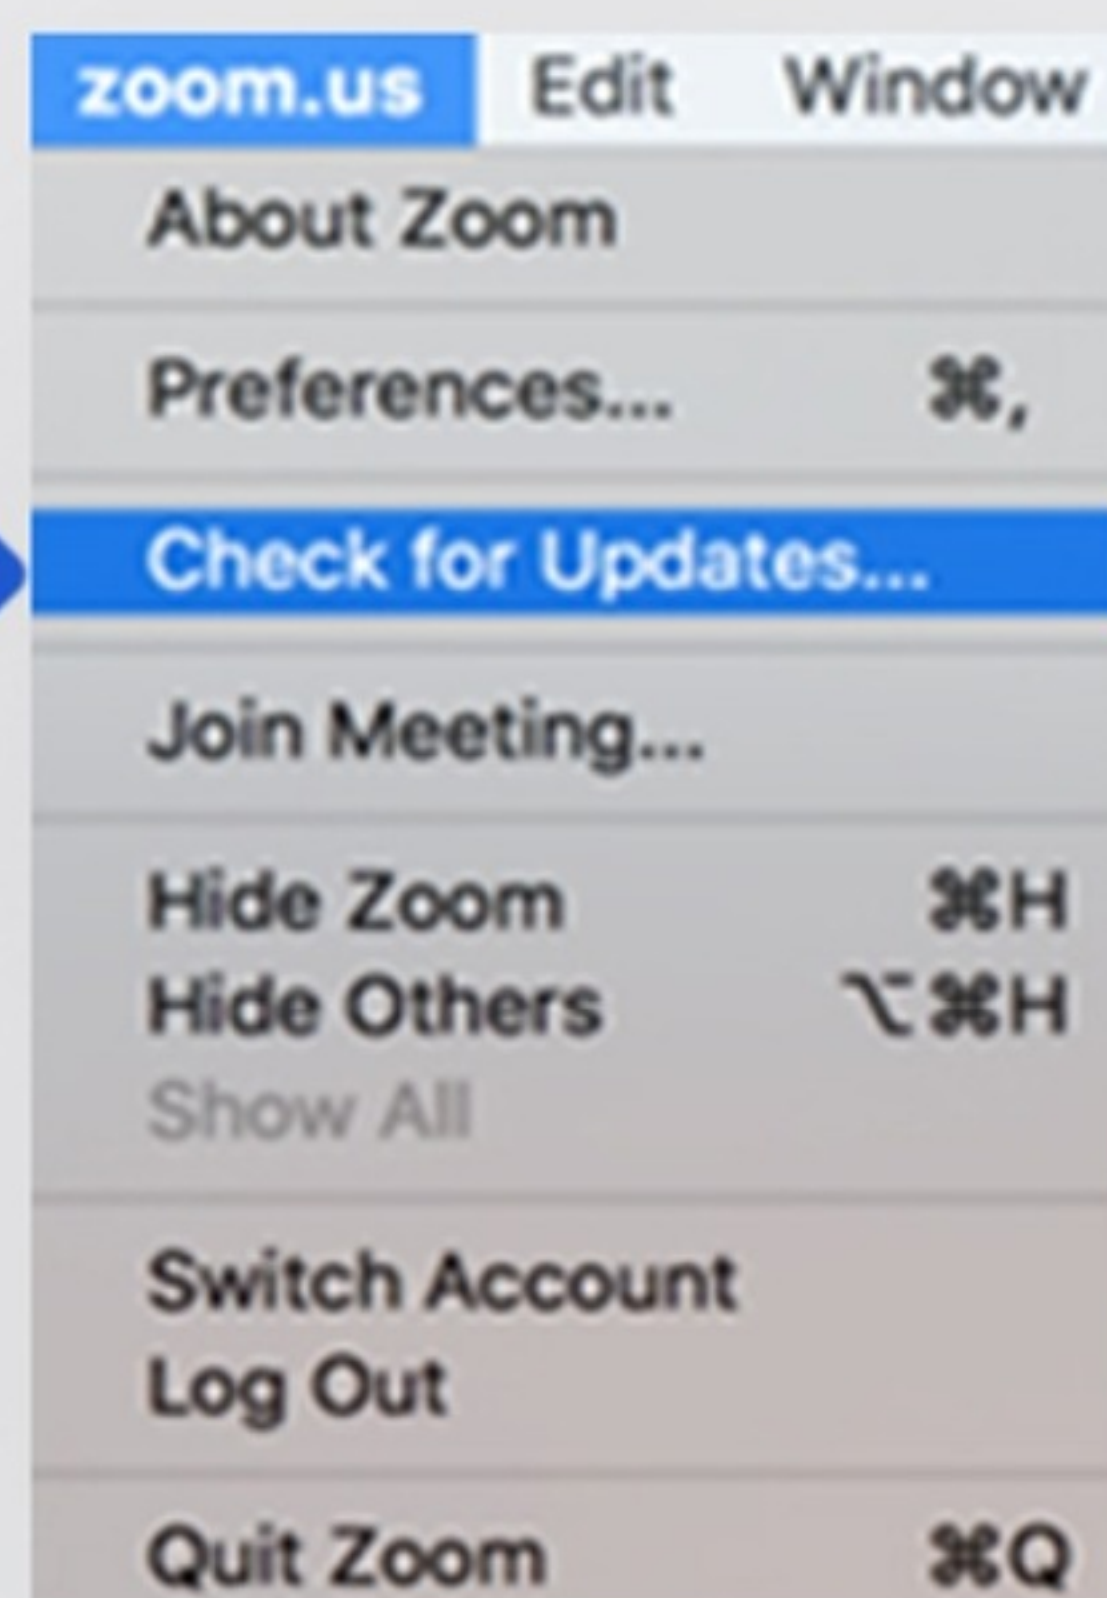

Welcome

2022

**Capital Bond Planning Task Force
Meeting #1**

Prepare to Collaborate

Tips for a Seamless Zoom Call

Check for Updates:

Select "Check for Updates" in the drop-down menu under zoom.us. Even if you use Zoom every day, your app might not be current.

Mics, camera, action...

Please mute yourself using the microphone icon when you are not speaking. This reduces echo and feedback during the presentations. Remember to unmute when you are ready to speak.

Start and stop your video using the camera icon. Arrows to the right of each of these icons allow you to adjust your settings.

Introduce yourself.

Use the instructions below to change your user name at the start of each meeting.

Please be sure to include your first name and last initial so we can address you correctly and follow up with you between meetings if needed.

Your point of view.

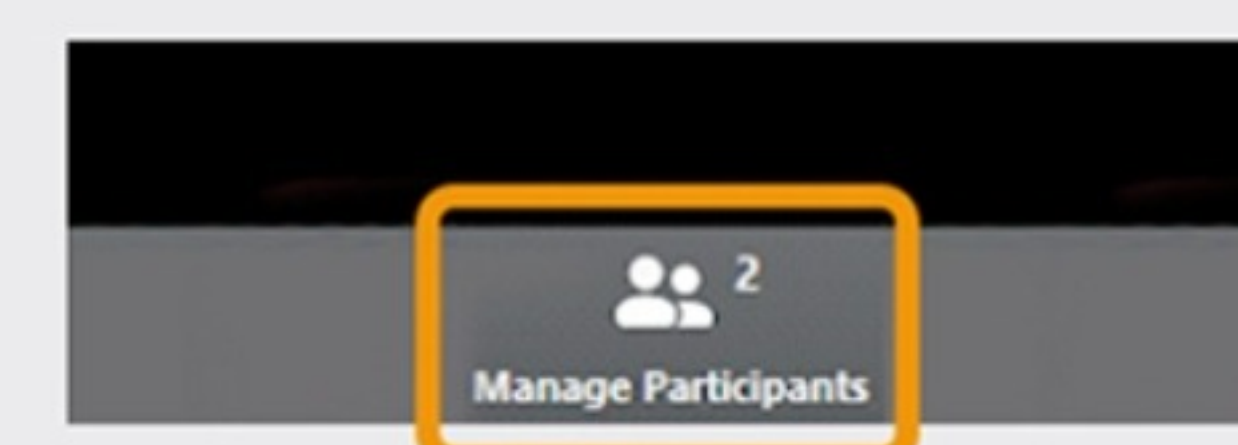

Zoom begins in "Speaker View". To have the most participants visible on your screen, choose "Gallery View". This will be particularly important for better collaboration in the Breakout Rooms when you will want to see everyone in your group.

Let's have a chat.

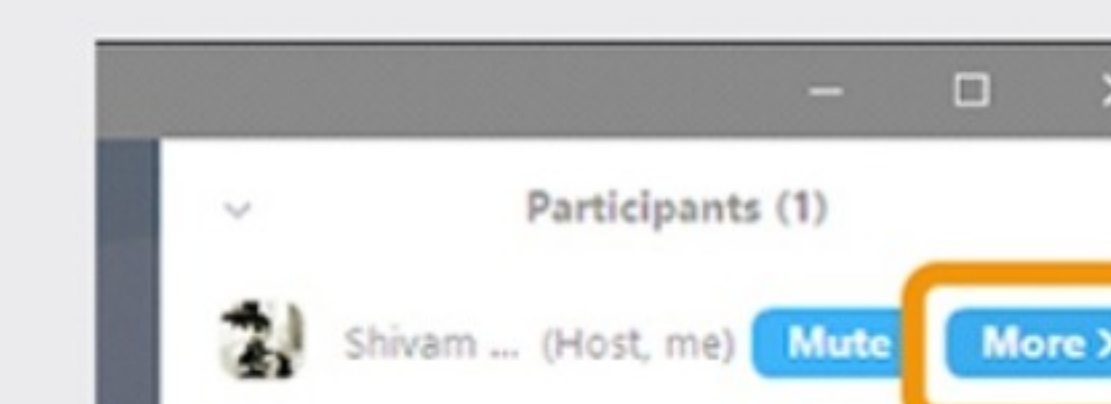

With so many people in the group, it is difficult to hear what everyone has to say all at once. Your voice is the reason you are here! Text messages can be typed here and sent to everyone on the call using the "Enter" key.

If this window is not immediately visible click the "Chat" icon in the tool bar at the bottom of your screen.

1. Select "Manage Participants" in your Zoom toolbar.

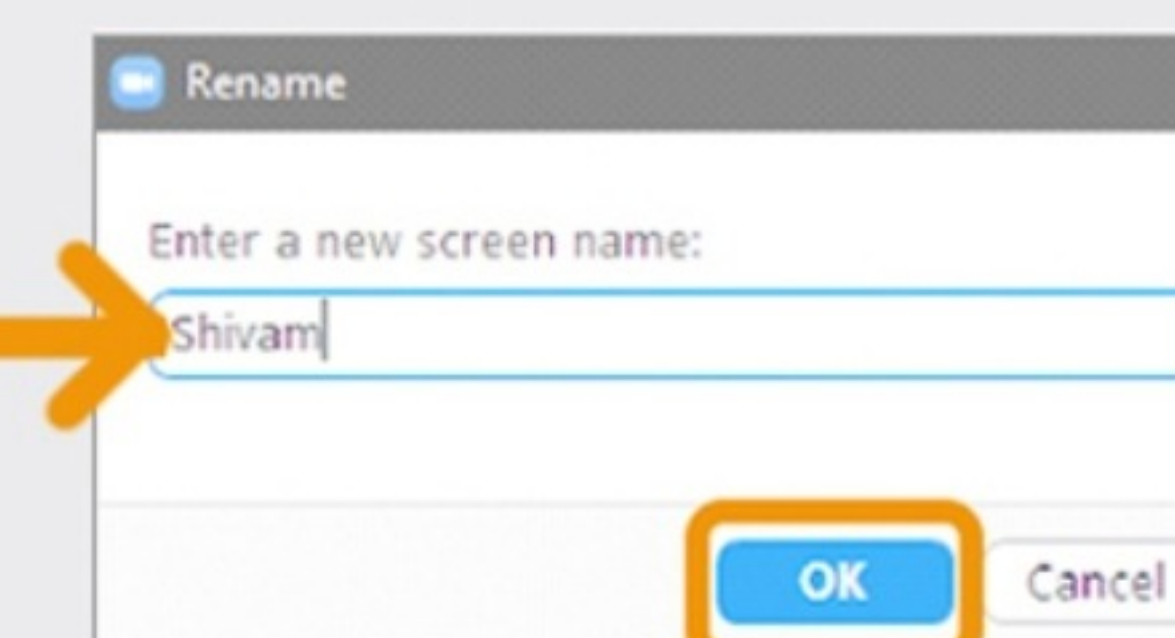

2. A list of participants will appear in the top left corner of your screen. Select the "More" button next to your name.

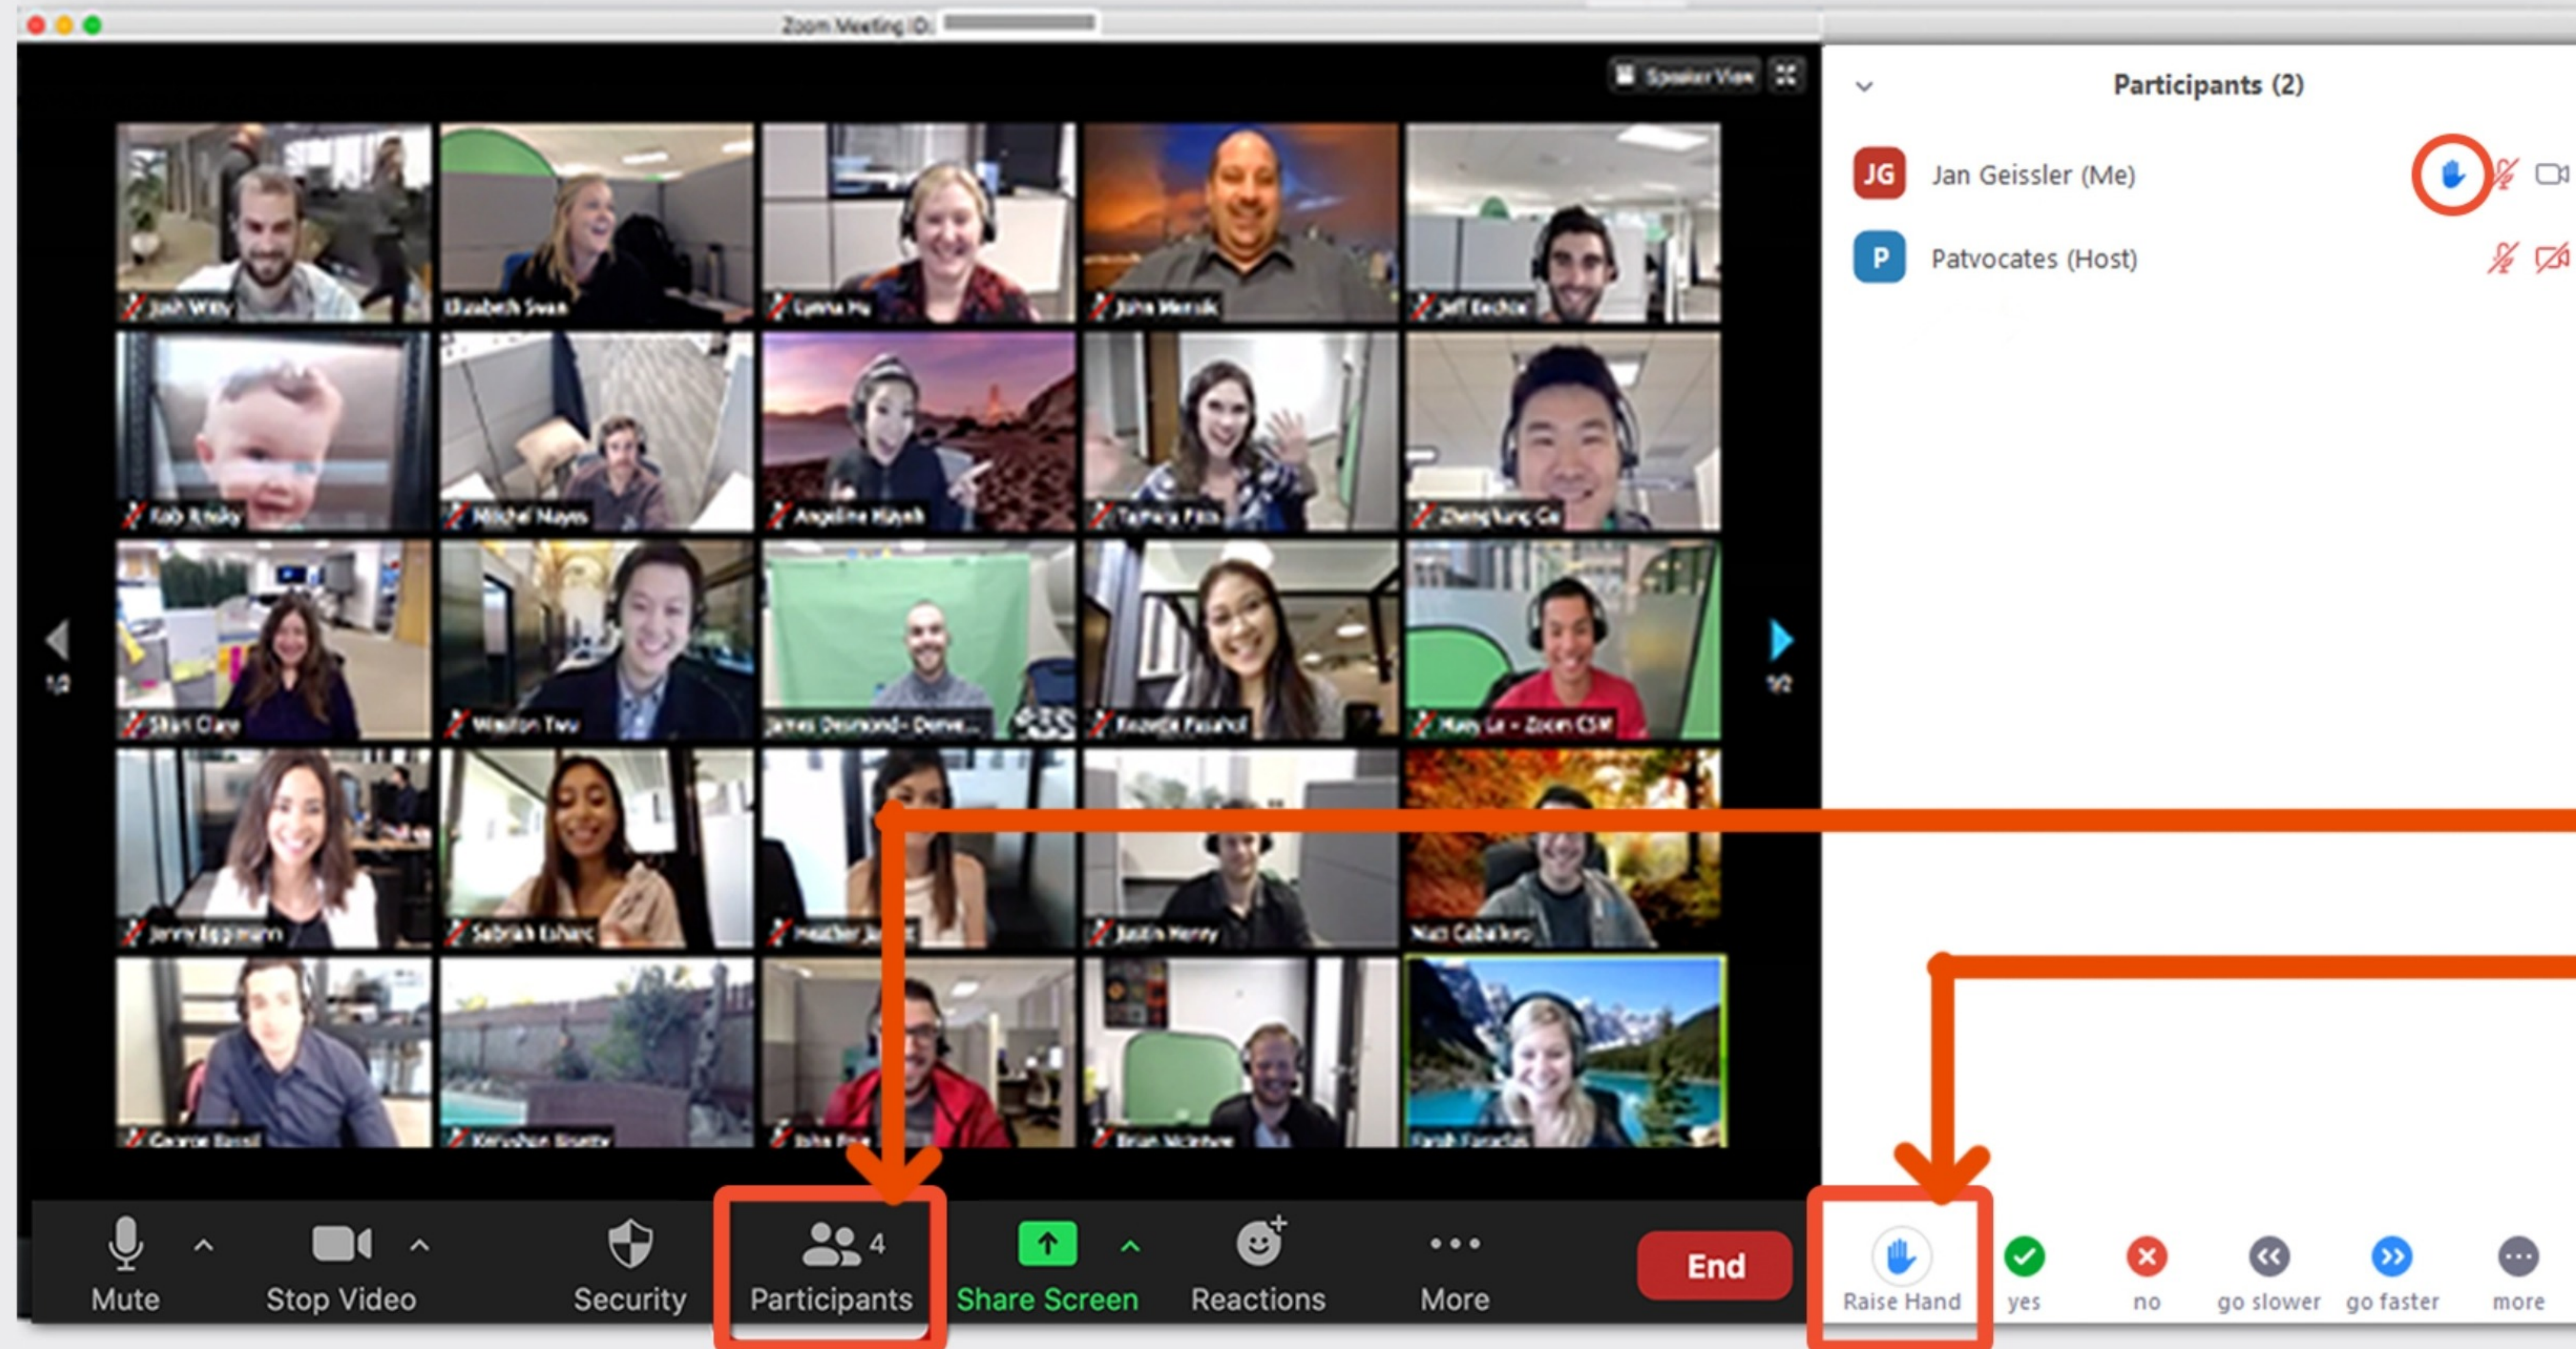

3. Select "Rename" from the pop-up options.

4. Enter your name and last initial. Select "OK".

Raise your hand.

With so many people in the group, it is difficult to hear what everyone has to say all at once. **Your voice is the reason you are here and we want to hear them all.**

The “chat” feature is a great way to make a point and move on. However, when you need to speak up please raise your hand with a question or if you have something to add.

1. Select the “Participants” icon to reveal a list of participants to the right.
2. Select “Raise Hand” to alert the administrator you have something to add. We will call on you shortly.

Zoom Meeting Etiquette

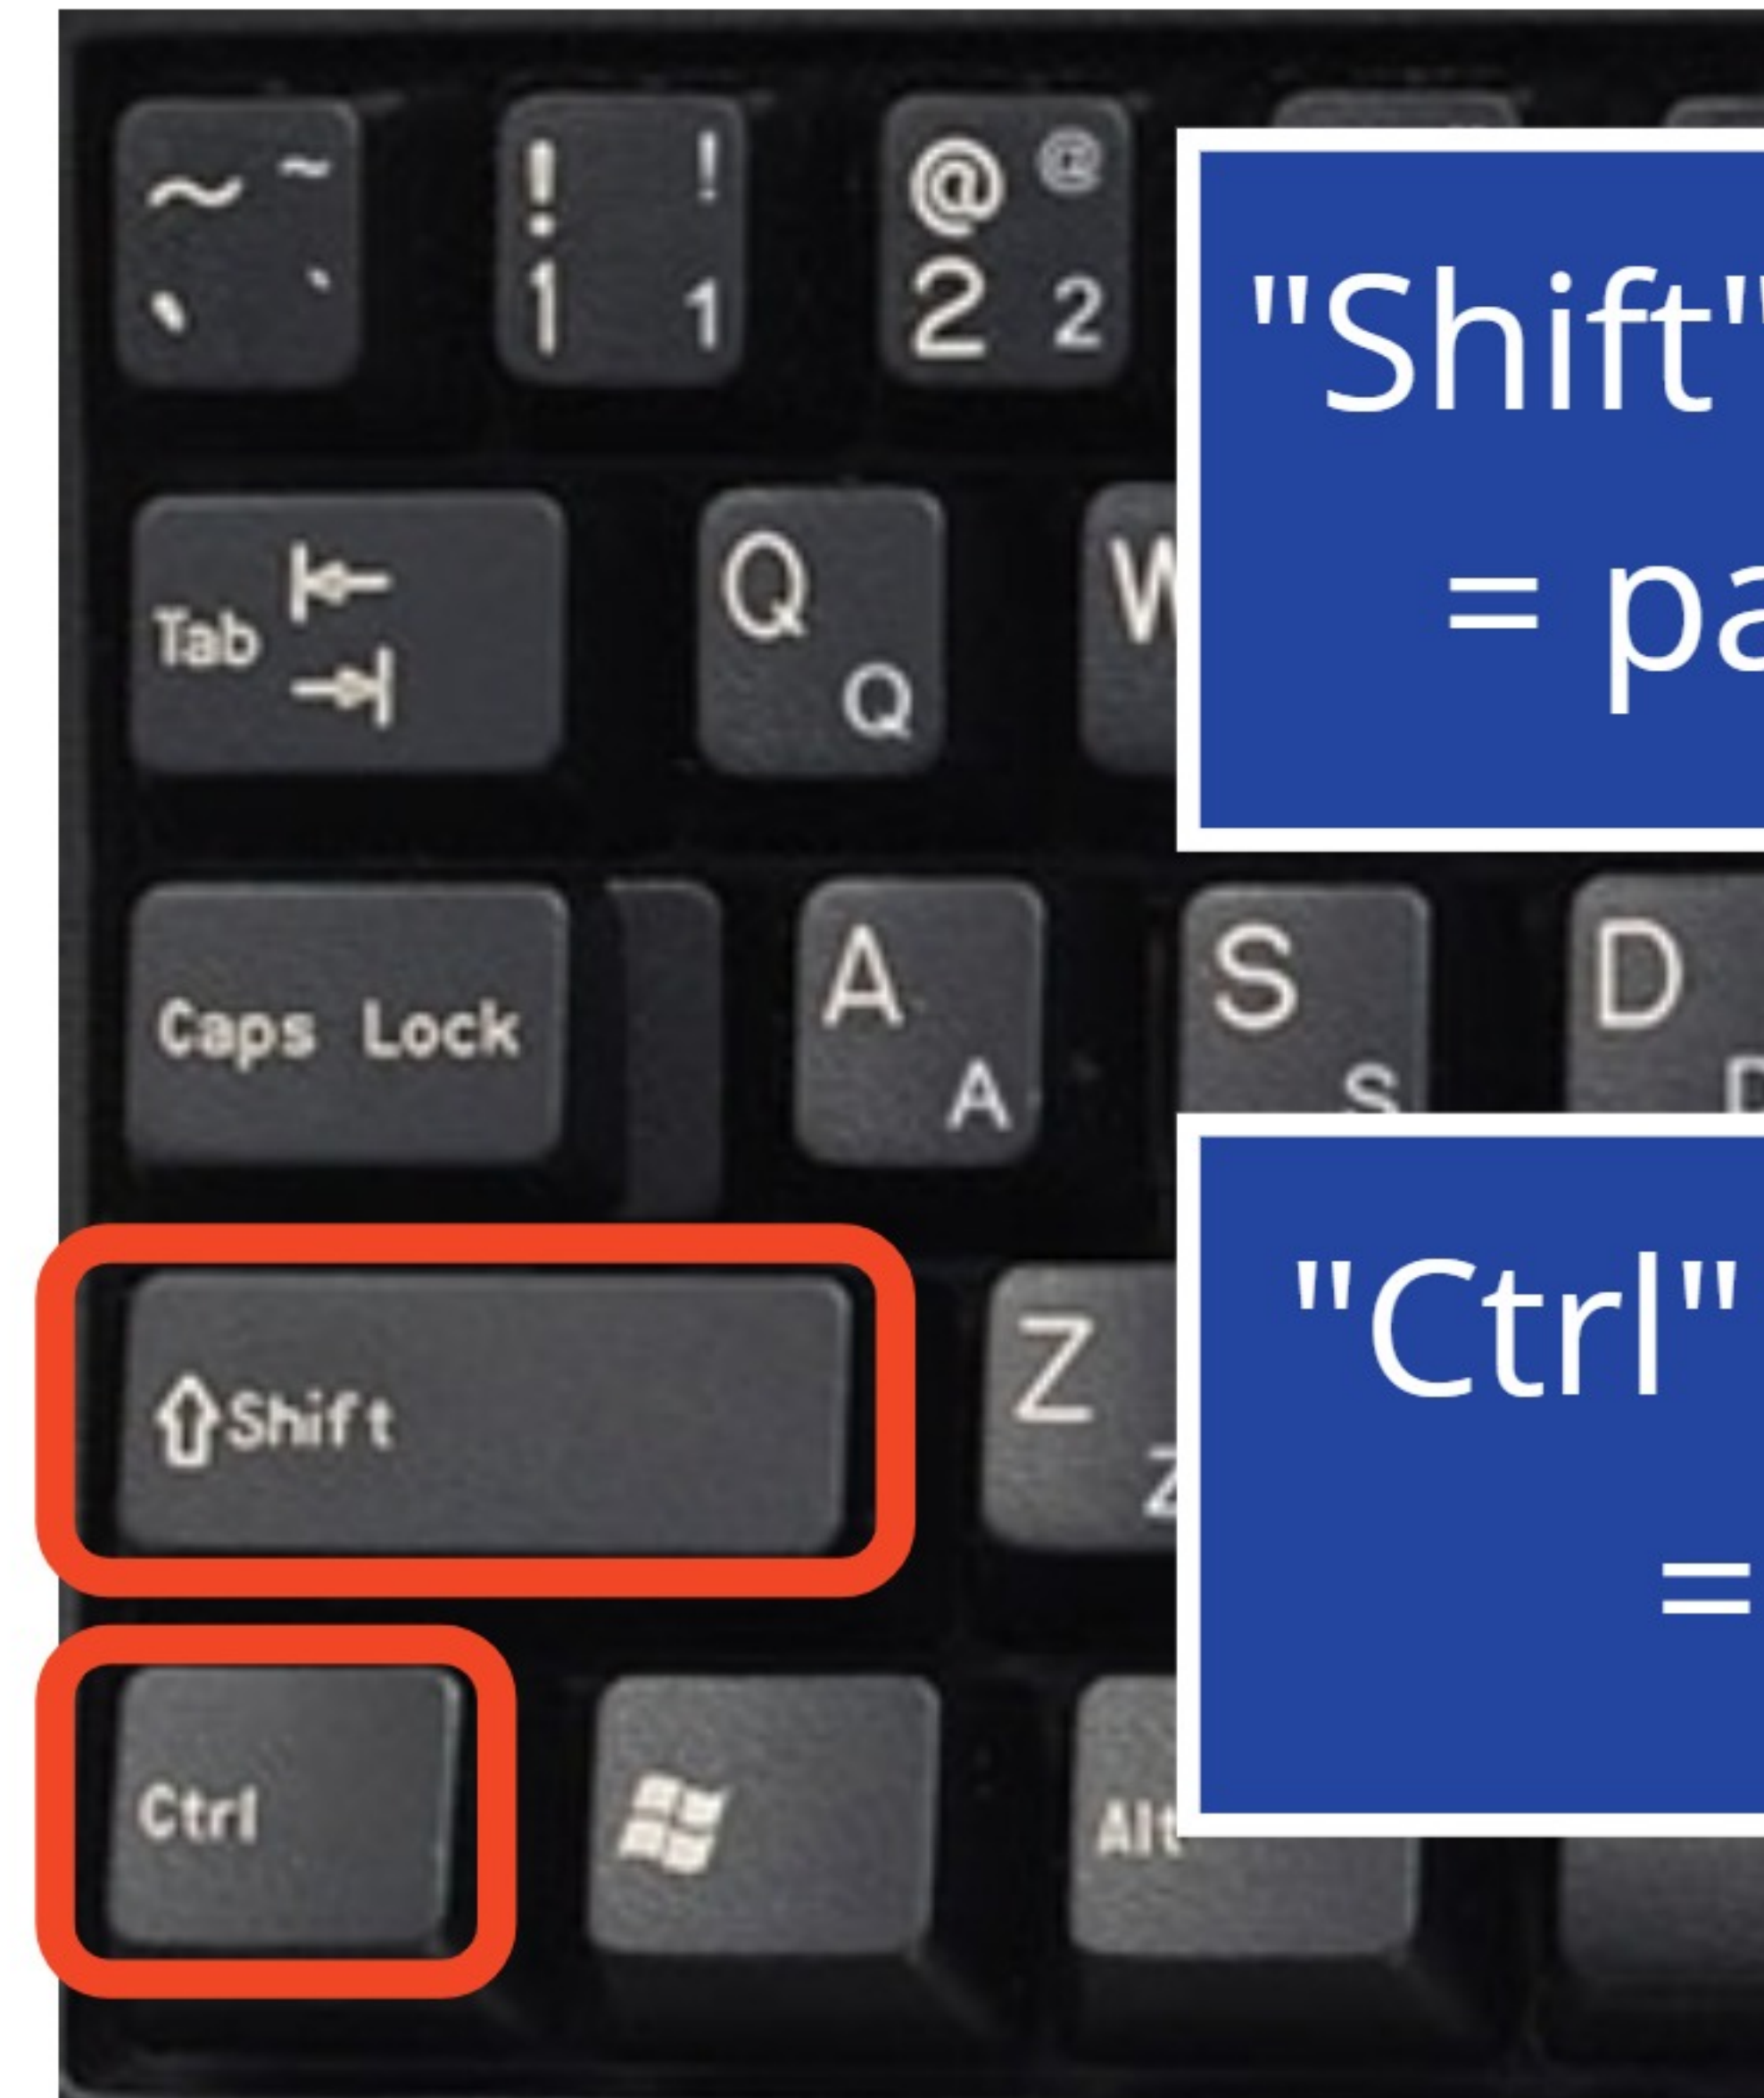

- Please enter your first name and last initial as your username at the start of each meeting.
- Turn your camera **ON** in breakout rooms and during collaboration.
- Use a headset or earphones if you can. Find a quiet environment, if possible.
- Mute your microphone when you are not speaking.
- Breakout discussions and interactive participation are key at every meeting. A large screen device (such as laptop, desktop or tablet) are helpful. If you cannot arrange for the use of these types of devices, please contact the Capital Projects team here: scalissendorff@nsd.org

Use the arrow to select objects.

If you are already in "Select" mode and click the arrow a second time your cursor will change into a hand icon allowing you to pan around the board.

"Shift" + mouse track wheel
= pan from side to side

"Ctrl" + mouse track wheel
= zoom in and out

You can also move around the board using the arrow keys on your keyboard.

Miro Tools – Sticky Notes

Your toolbar will appear on the right of your screen

Insert sticky notes with this tool.

Click on the sticky note to adjust its properties.

check it out!

Double click to open a cursor to type on the note.

OBJECTIVES

- Orientation to the process & tools.
- Establish our foundation for success.
- Update successes of the 2018 bond.
- Outline our direction for 2022.
- Get to know your team.

Wrap Up

Bond Planning Process

Bond Planning Framework

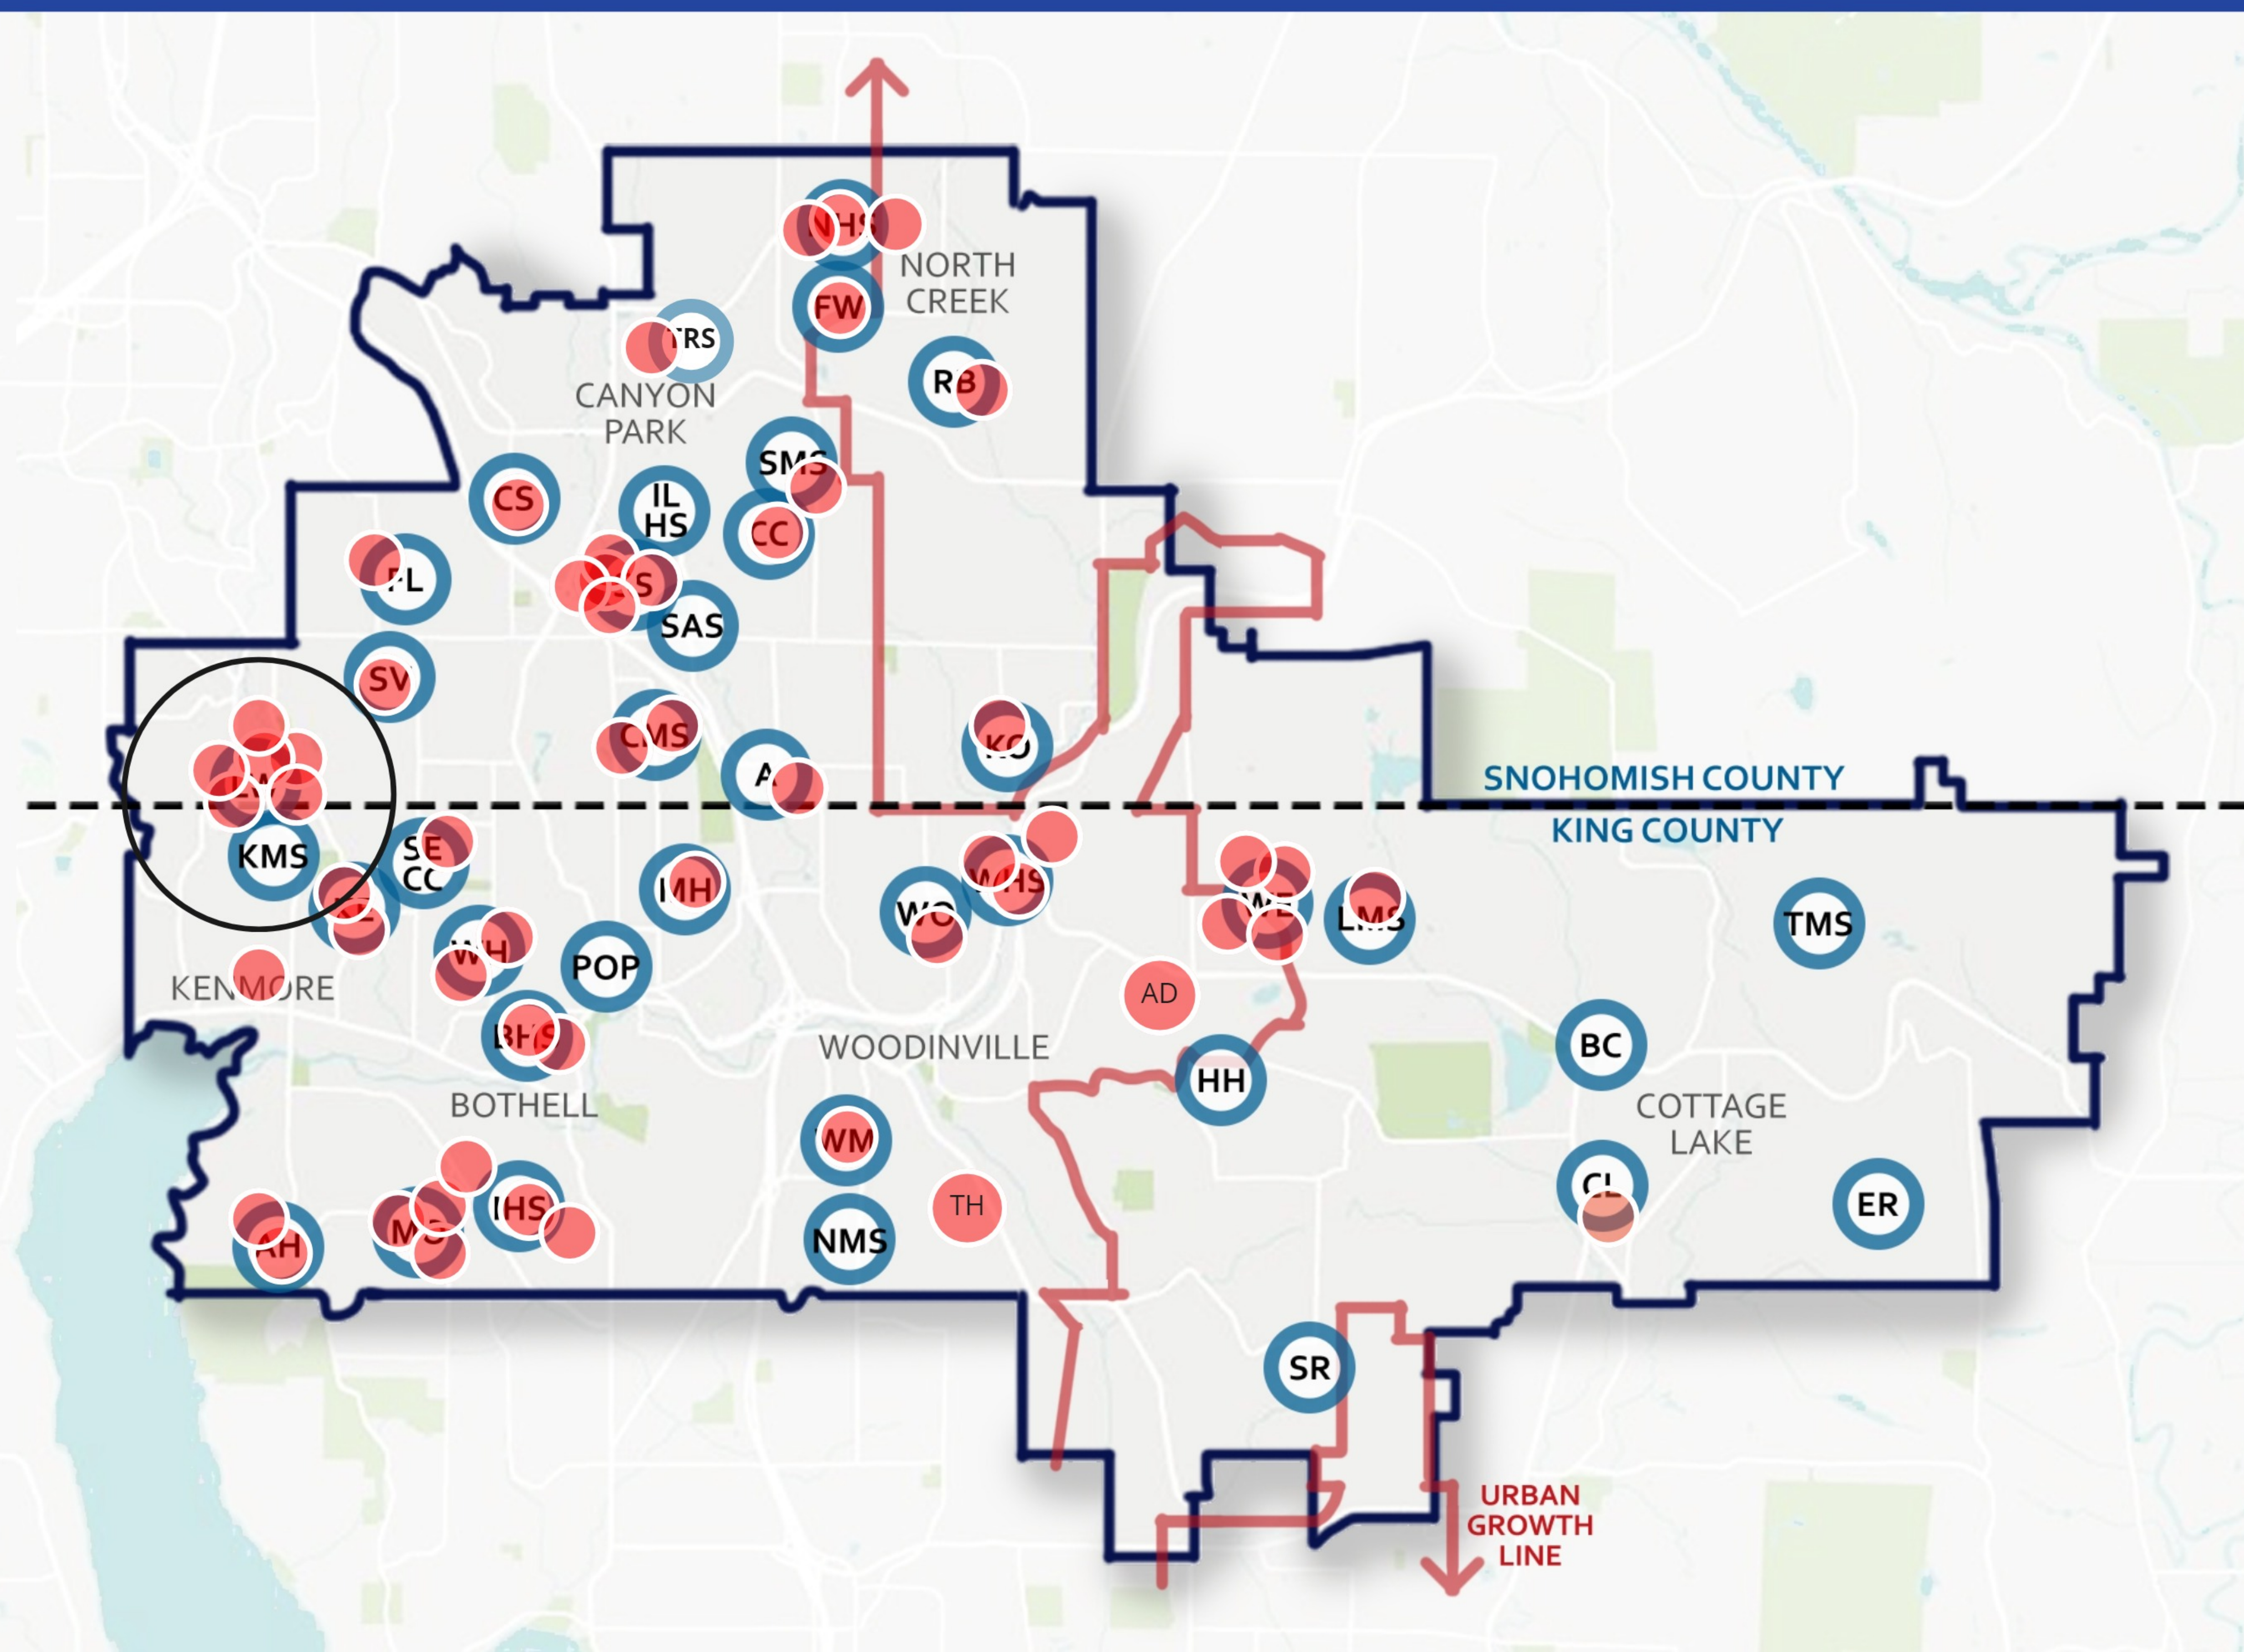

You shape the ballot measure
for the Northshore School
District's bond elections.

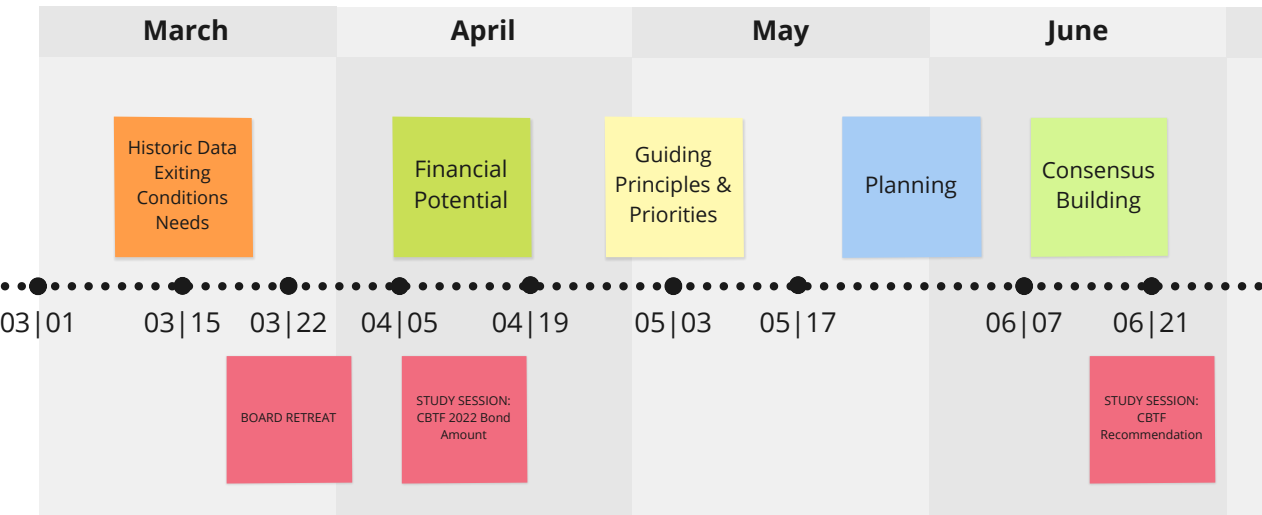

Place a dot where you have:

1. Gone to school
2. Enrolled a child in school
3. Taught
4. Worked
5. Volunteered
6. Future enrollment

You shape the lives of all of the students of
Northshore School District
through decisions you make about their learning environments.

Group "Norms"

Group norms are a set of agreements about how we work with each other and how the group will work overall. These agreed-upon behaviors allow the team to perform through healthy debate and clarity of purpose and roles.

Why is this important?

Place a dot next to your 3 most important expectations?

Thank you!

The next meeting is:

Monday, March 15, 5:30-7:30 p.m.

Summaries of today's meeting will be sent to each of you and posted to the website.

A link to this board will be sent to all of you by the end of day tomorrow.

Please give the *"Tell Us About Yourself"* boards a try before the next meeting to test out the platform.

If you have any questions please contact:
Ashley McClaran amccclaran@oacsvcs.com

and

Steve Murakami smurakami@oacsvcs.com
